Attention: Mr. L. Zanchi, I.O.C. Secretary

Dear Sirs,

We are in receipt of your letter, ref: Z/dg, dated March 18, 1966, and in reply wish to state the following.

On December 23, 1965, we sent to you the application of the Town of Lahti to be allowed to arrange the 1972 Winter Olympic Games. Attached to the application was an English-language translation of the Ministry of Foreign Affairs' letter dated November 30, 1965 to the Town of Lahti, in which letter the Ministry announces that in the event that the Town of Lahti is granted the right to organise the 1972 Winter Olympics, the appropriate authority in Finland will guarantee without any discrimination free entry into the country to all competitors and officials sent to these Games by all the competing countries.

As can be seen from the letter, the Finnish authorities are not limiting freedom of entry only to those competitors and officials of those countries presently belonging to the I.O.C., but "will guarantee without any discrimination free entry into the country to all competitors and officials sent to these Games by all the competing countries". Therefore, if before 1972 there are new National Olympic Committees admitted to membership of the International Olympic Committee, and these new National Olympic Committees send participants to the Games, the Government of Finland will guarantee the free entry of these participants and supporting officials into Finland without any discrimination.

We hope that the foregoing will have answered your enquiry and clarified the question. We look forward to receiving your comments.

Yours sincerely,

FINNISH OLYMPIC COMMITTEE

A. Rausuvaara
Secretary-General
International Olympic Committee
MON REPOS
Lausanne.

Dear Sirs,

The Finnish Olympic Committee has the honour to enclose herewith the application from the town of Lahti for permission to organise the Olympic Winter Games of 1972, which application the Committee hereby endorses.

Since 1923 the town of Lahti has been the meeting place of large winter sports contests and possesses experience and ability to manage several kinds of large sports contests.

Due to topographical circumstances it is impossible for the town of Lahti to organise Alpine events in Finland but considering the possibility that it is wanted that they be arranged, the town of Lahti has made an agreement with the Swedish parish Åre for renting a suitable place where Lahti will organise and manage the sports contests which will take place there.

The Finnish Olympic Committee warmly recommends the acceptance of the application made by the town of Lahti, which would mean a great honour not only for Lahti but also for the whole Finland where winter sports are practiced by the whole people.

Yours very truly

FINNISH OLYMPIC COMMITTEE
